PROFESSIONAL SUMMARY

M.S. I-O Psychology graduate student with experience in strategic consulting, workforce analytics, and executive reporting — delivering \$648K+ in projected savings at UCLA Health. Skilled in Python, SPSS, Excel, Tableau, and LLMs (Claude, Copilot, Gemini). Passionate about data-driven decision-making, innovation, and technology commercialization.

EDUCATION

M.S. Industrial-Organizational Psychology — California Baptist University, Riverside, CA

Exp. June 2026

B.S. Psychology — NIMS University, Jaipur, India

April 2023

RELEVANT EXPERIENCE

Research Assistant — California Baptist University

Dec 2025 – Present

- Design and execute mixed-methods research studies using SPSS; translate statistical findings into actionable insights for faculty stakeholders.
- Manage end-to-end research workflows — from hypothesis development through data collection, analysis, and reporting; automate data cleaning pipelines using Python.

I-O Consultant — Ascend Day Program, California

Sep 2025 – Dec 2025

- Designed an end-to-end employee selection system through customer discovery (VoC interviews, stakeholder mapping) and competency modeling — scoping requirements, building evaluation criteria, and validating the framework in a resource-constrained setting.

HR Consultant — UCLA Health, Los Angeles, CA

Jan 2025 – Apr 2025

- Conducted workforce analytics across multiple job families, identifying redundancies and role-redesign opportunities that projected \$648K+ in annual savings.
- Built benchmarking dashboards and delivered executive-ready reports to senior leadership, translating complex data into strategic recommendations.

Business Consultant — SEBS Feed and Supply, Idaho

Sep 2024 – Dec 2024

- Led cross-functional organizational diagnostics and designed measurable interventions (goal-tracking systems, communication frameworks, conflict-resolution training); managed deliverables end-to-end across stakeholder groups.

School Coordinator — Sanghamitra School, Hyderabad, India

Sep 2023 – Jun 2024

- Conducted qualitative research (interviews, field observations) to assess employee engagement; implemented climate-improvement initiatives that measurably raised satisfaction scores.

HR Analytics Intern — YEJALLA PVT LTD, Hyderabad, India

Jun 2023 – Sep 2023

- Supported end-to-end recruitment operations — screening candidates, coordinating interviews, and tracking pipeline metrics to reduce time-to-fill across open roles.
- Maintained HRIS employee records; analyzed onboarding and engagement data to identify process gaps and inform HR policy development.

CERTIFICATIONS

Google Project Management (2025) • IT Desk Advanced Diploma in Programming (2024) • IBM AI Fundamentals (2025) • CITI Social-Behavioral-Educational Research (2027)

SKILLS & TECHNICAL PROFICIENCIES

Technical: Python, SPSS, R, SQL (MySQL), Excel (pivot tables, VLOOKUP, macros), Tableau, Power BI, Google Workspace, Django

HR Analytics & HRIS: Workforce analytics, turnover/retention modeling, engagement surveys, HRIS data management, compensation benchmarking, people dashboards

AI & LLMs: Claude, Copilot, Gemini — prompt engineering, workflow automation, structured output generation

Strategic: Customer discovery (VoC), competitive intelligence, ROI modeling, stakeholder management, cross-functional coordination, competency modeling
